First Oklahoma giving back

Coming in the 4th quarter of 2017, First Oklahoma will be offering a double points checking account. First Oklahoma was lucky enough to partner with Christopher Westfall, to bring you these exclusive rewards debit cards. Each card has a different local image you may be familiar with. Christopher is a very well known artist around Tulsa and has been awarded for his spectacular paintings. With the double rewards checking account you will always earn double points no matter the season. Be on the look out this fall for this new account.

We at First Oklahoma recently began getting involved with Street School. Street School's mission as a non-profit, alternative education and counseling program is to provide a supportive community for students who have chosen to continue their education in a non-traditional setting. Their comprehensive and individualized services enable students to reach their potential and become responsible and productive adults. First Oklahoma FCU employees went out during the eclipse and handed out popsicles for their eclipse block party. We are also doing a series of financial education classes to better the young adults.
